The Bio-medical Ethics Committee meets once a month on the fourth Monday from 12:00 PM to 1:30 PM (member's schedules permitting). Consultations are reviewed at the monthly meetings as well and training in bio-medical ethics and consultation. There are no meetings the months of July, December and May. In addition, members are on teams that respond to consult requests for one or two-month rotations and consults are scheduled as the requests come in. Members are asked to be available to attend consults during their team's rotation (schedules permitting). Members are also encouraged to attend any additional training provided by the Committee for skill development. Members are also encouraged to attend Ethics Law and Medicine Forums (schedules permitting) to further broaden their knowledge base in the bio-medical ethics arena and enhance consult leadership skills.

Do you foresee any problem meeting the membership requirements?

What strengths do you feel that you bring to the UNM HSC Bio-Medical Ethics Committee?

What experience or training (if any) do you have in bioethics?

Please explain your experience with people of diverse cultures and ethnicities, educational and professional backgrounds.
What is your experience with dealing with people whose values and opinions differ from yours?

Do you have any knowledge or understanding of the New Mexico Uniform Health Care Decisions Act?

What is your opinion about patient autonomy and the medical provider's responsibility?
